

► SPECIALIST OFFSHORE & CONSTRUCTIONS ENHANCED
PACKAGE 2024

What is not covered

4. Any liabilities whatsoever in respect of loss of or damage to, recovery or removal of any downhole equipment, drilling or coring equipment once deployed from or below the vessel, including any liabilities arising from such equipment being left in any location. Such equipment includes but is not limited to drill strings, coring equipment, cone penetration testing equipment and bottom hole assemblies.

Explanation

The amendment has been made to provide additional clarity.
